

Thank you for your interest in Azusa Pacific University and Men's Soccer! APU is an evangelical Christian liberal arts university with an undergraduate student body of more than 4,000 located in the beautiful foothills of the San Gabriel Mountains. Our school motto is *God First*, and it is our goal to put God first in everything we do, on and off the field.

APU offers a wide variety of academic disciplines and has secured a place in *U.S. News & World Report's* America's Best Colleges national 2008 rankings, categorized alongside such schools as Harvard, Yale, and Princeton. We are proud of our heritage and look forward to the future as we see God at work in our university. APU is a dynamic place and one that will continue to grow and change in the 21st century.

Our soccer program is among the finest small university programs in the country and has a rich history of success. This year we completed another stellar season reaching the highest standard of excellence finishing with a record of 20-1-1 and winning the National Championship! Our program's first National Championship was the result of reaching the National Tournament for four consecutive years and the National Championship game three years in a row.

In order to remain at a championship level, we are constantly looking for high-level players who share in the vision of Azusa Pacific University. Most of the players we recruit are premier-level club players who have the ability to succeed right away in college. As a top-level NAIA program, our quality is competitive with that of many Division I teams, and it is our goal to find players who are able to play Division I but are looking for a challenging team within a Christian environment.

If you have any questions or need more information, do not hesitate to contact us.

Go Cougars!
