

MS Information Technology Computer Experience Questionnaire

Student Name _____

Email Address: _____ Phone: _____

This worksheet is designed for you to give us a picture of your previous experience in the following areas, which will assist in the interview process and be instrumental to your success in this program. Because it is understood that these skills can be acquired and developed from a number of areas, please complete both sections I and II to give us a full picture of your experience.

I. Computer programming languages [C++, Java, etc.]

Check all boxes that apply.
