AZUSA PACIFIC UNIVERSITY

WINTER 2019

Undergraduate Commencement Ceremony

CHRIST | SCHOLARSHIP | COMMUNITY | SERVICE

MESSAGE FROM THE PRESIDENT

Mensaje del Presidente

Paul W. Ferguson, Ph.D., DABT

Welcome to the Winter 2019 Commencement at Azusa Pacific University. The APU community is so pleased to share this day with our graduates and their families and friends. Today represents a remarkable personal and professional achievement shared with many. It is also the beginning of a new chapter in each life moving forward from a meaningful time of preparation and growth at APU.

We sincerely hope that each educational experience at APU has been focused on Christ-centered academic excellence. We have been deeply committed to preparing each graduate to be a difference maker in whatever path God may lead, and hope that each graduate, especially on this day, would seek God's wisdom for future guidance.

We are enthusiastic about what the future holds for each of our graduates and look forward to hearing of the positive impact, influence, and transformation made by our newest Cougar alumni.

Congratulations! May each of you feel God's blessing on this special day.

MESSAGE FROM THE BOARD CHAIR

Mensaje de la Lider del Cuerpo de Directores

David Poole, JD

On behalf of the women and men who serve as trustees of Azusa Pacific University, I join with President Ferguson in welcoming you to this celebration of academic accomplishment with today's awarding of degrees.

Although today marks a finish line of sorts, it is properly called a "commencement" because this is also very much a beginning for each graduate. As we look back and reflect on all the effort and resources that have been required of each student and their families to get here, we also look forward to what is to come for them—the opportunities and challenges. So, in the midst of the joyous celebration today, I'd ask that as each person walks across the stage to receive their diploma, many would join me in a silent prayer asking God on their behalf for grace, wisdom, courage, and blessing as they go out to impact a world very much in need of what they are now equipped to provide.

Congratulations, graduates!

PROGRAM NOTES

Notas del Programa

Participation in the commencement ceremony does not necessarily indicate completion of a degree program. The student must meet all university requirements before a degree is conferred. Photographs are being taken of individual graduates. Family and friends are invited to take pictures in designated areas.

UNIVERSITY HISTORY

Historia de la Universidad

Azusa Pacific University, one of the largest Christian universities in the nation today, began on March 3, 1899, when a group of women and men passionate about creating a place for Christian education gathered to form the Training School for Christian Workers. It became the first Bible college on the West Coast geared toward preparing men and women for ministry and service. Led by President Mary A. Hill, the school grew to an enrollment of 12 in its first term.

The early years of growth saw the school relocate and change leadership several times. Following mergers with three Southern California colleges, the school moved in 1946 to Azusa, where it resides today. After several name changes, the college achieved university status in 1981 and became Azusa Pacific University. Today, the Azusa Pacific University System, a nonprofit education system comprising Azusa Pacific University and Los Angeles Pacific University, provides a Christ-centered education that strives to meet the needs of current and future students through its affiliate institutions.

APU welcomed its 17th president, Paul W. Ferguson, Ph.D., DABT, in June 2019. He brings more than 30 years of experience in higher education as a professor in the field of toxicology/public health and as a university administrator. Building on the university's legacy and looking toward the future, Ferguson initiated a strategic planning process to successfully guide APU in the next 5 to 10 years, anchoring on the university's mission of cultivating a vibrant culture of *God First*, Christ-centered academic excellence.

Today, APU offers 68 bachelor's degrees, 48 master's degrees, 18 certificates, 10 credentials, and 9 doctoral programs at the university's main campus in Azusa, seven regional locations, and online. The university holds accreditation from the WASC Senior College and University Commission as well as 14 other specialized accreditations.

More than a century after its founding, Azusa Pacific serves as a comprehensive Christian, evangelical university, dedicated to supporting *God First* and excellence in higher education by preparing disciples and scholars to advance the work of God in the world.

ACADEMIC REGALIA

Regalia Académica

As the faculty enter commencement, they display a variety of academic regalia inherited from universities of the 12th and 13th centuries. Academic life as we know it began in the Middle Ages, first in the Church and then in the guilds. The teaching guild was the Guild of the Master of Arts, where the Bachelor was the apprentice of the Master and the dress was the outward sign of privilege and responsibility. Principal features of the academic regalia are the gown, cap, and hood. Early on, universities set rules to preserve the dignity and meaning of academic dress. American universities agreed on a system in 1895, and in 1932 the American Council on Education presented a revised code. In 1959, the council appointed a committee on academic regalia and ceremonies, and since 1960 the revised code has guided the latest developments.

The Gown: Although it originally may have been worn as protection against the cold of unheated buildings, today the gown is symbolic of scholarship, because it covers any dress of rank or social standing underneath. It is black for all degrees, with pointed sleeves for a bachelor's degree; long, closed sleeves with a slit at the arm or wrist for the master's degree; and full-bell double sleeves for the doctoral degree. Bachelor's and master's gowns have no trimming, but the doctoral gown is faced down the front with velvet and has three velvet bars on the sleeves. All Azusa Pacific University undergraduate and doctoral gowns are adorned with a patch bearing the university seal.

The Cap: When Roman law freed a slave, that person won the privilege of wearing a cap, so the academic cap is a sign of freedom of scholarship and the responsibility and dignity that scholarship endows upon the wearer. Old poetry records the cap of scholarship as square to symbolize a book. In the 15th century, some caps were stiff, some soft, some square, and some round with a tuft in the center—the tassel used now is an elaboration of the tuft. Though some institutions still use the round cap, most have adopted the mortarboard style, which comes from Oxford. A different style, the Cambridge cap, resembles a large beret and is appropriate for doctoral degrees only. The color of the tassel may denote the discipline; those holding doctoral degrees are entitled to wear metallic-gold tassels.

The Hood: The hood, which drapes over the back of the gown, carries the greatest symbolism. Its length, width, trim color, and lining color denote the wearer's highest academic achievement. All Azusa Pacific University master's hoods are adorned with a patch bearing the university seal. The hood's trim color denotes the discipline represented by the degree, and the lining color designates the university or college from which the degree was granted. The colors associated with the different disciplines are as follows:

Agriculture: Maize

Arts, Letters, Humanities: White

Business and Commerce: Drab

Economics: Copper

Education: Light Blue

Fine Arts: Brown

Forestry: Russet

Journalism: Crimson

Law: Purple

Library Science: Lemon

Medicine: Green

Music: Pink

Nursing: Apricot

Pharmacy: Olive Green

Philosophy: Dark Blue

Physical Education: Sage Green

Physical Therapy: Teal

Public Administration:
Peacock Blue

Science: Golden Yellow

Social Work: Citron

Speech: Silver Gray

Theology: Scarlet

THE PRESIDENTIAL CHAIN OF OFFICE

La Cadena Presidencial de Oficina

The Presidential Chain of Office is a symbol of the President's commitment to Azusa Pacific University. The President wears this for all official ceremonies.

THE MACE

Maza Ceremonial

Originally a weapon of offense used in medieval warfare by a king or a great noble, the mace has been refined into a symbolic device used on ceremonial occasions. As an academic symbol, the mace dates back to 16th-century England, where Queen Elizabeth I presented a replica of her own royal mace to the University of Oxford in 1589. She ordered that it be used in all ceremonies to represent the royal presence and the authority granted to the university to issue degrees under the royal insignia. King Charles I made a similar gift to Cambridge University in 1625. Since that time, it has been customary for European, and now American, colleges and universities to use ceremonial maces during graduation exercises.

The protocol for using the mace requires that it be carried into the ceremony by the chief academic officer or another person selected for special recognition, as it is the emblem of authority vested in the administration and faculty of the university to grant degrees. During the ceremony, the mace is placed in a stand on the platform to indicate that the ceremony is in formal session.

APU GATE

El Portón de APU

Introduced at the fall 2013 orientation for new undergraduate students, the gate now marks a rite of passage for all undergraduate, professional, and graduate students at APU as they process through the gate to celebrate the culmination of their academic journey.

Designed in-house and forged off-site, the gate features a bronze university seal. This sacred tradition serves as a tangible reminder to "begin with the end in mind." Further, the gate encourages all students to consider the next chapter in their unfolding journey and walk with confidence into the preferred future to which God calls them as difference makers.

THE SEAL

El Sello

The seal has ancient roots dating back to the fifth millennium. Use of the seal was particularly widespread in Elam, Syria, and Egypt. Throughout history, the seal has assumed varied meanings, but the primary intent has always been for identification purposes.

The university seal identifies Azusa Pacific University as an institution built on Four Cornerstones: Christ, Scholarship, Community, and Service. These four components define why APU exists.

Christ-Centered—Belief in Christ is central to all that we think and do, and who we are. It is this understanding of God's love that informs all our pursuits: academic, service, and community. *Colossians 1:15-18*

Transformational Scholarship—We are called to scholarship permeated by our Christian faith. We are committed to teaching excellence. The liberal arts are central in the curriculum, for we are dedicated to the education of the whole person. At the same time, we value the role of professional offerings that prepare students for specific careers. *Proverbs 4:5-9*

Life-Giving Community—We believe in community. We are a richly diverse people who value the worth of each individual. Our mission is to encourage, equip, and enable each student to fulfill his or her great potential, and in turn encourage, equip, and enable others. *Romans 15:5-7*

Sacrificial Service—Service is at the heart of our local and international outreach, missions, and service-learning endeavors. Our students often find these experiences to be among the greatest of their lives. *Romans 12:9-13*

MISSION STATEMENT

Declaración de Propósito

Azusa Pacific University is an evangelical Christian community of disciples and scholars who seek to advance the work of God in the world through academic excellence in liberal arts and professional programs of higher education that encourage students to develop a Christian perspective of truth and life.
