Training Workshops

Pacific Clinics, Pasadena, CA 1994-1995

Developed training materials and facilitated a **10 week training** for professional staff from seven clinics to develop skills in conducting **psychoeducational groups or classes** on the topic of **Dual Diagnosis** with adolescent or chronically mentally ill adults. The training focused on helping the participants develop skills in effective learning and behavior change in adults. Principles from social learning, the health belief model, and self-efficacy theories were highlighted. Participants practiced and received group feedback on these skills while role-playing groups implementing a curriculum that addressed dual disorders.

Partners Program

Pacific Clinics, West Covina, CA 1994

Developed training materials and facilitated the training of entry level staff in a **20 week** program for doing **bio-psychosocial rehabilitation** for the chronically mentally ill. Increased staff understanding, assessment and intervention skills for this patient population and provided a 6 week follow-up **training program for supervisors** to help them integrate these principles into the supervision.

Asian Pacific Family Center

Rosemead, CA 1993

Developed training materials and facilitated the training of professional staff in a **5 week** program for working with **families of the mentally ill**. Helped to develop staff understanding of family issues and intervention strategies for creating supportive family environments for their patients.

Lancaster Bible College

Lancaster, PA 1985

Developed training materials and facilitated a 2 day training of faculty and students in implementing **stress and stress management** practices in the church and in the school.

Barrington College

Barrington, RI 1985

Developed training materials and facilitated a full day training of faculty and students in implementing **stress and stress management** practices at school and in the workplace.

Barrington College

Barrington, RI 1984

Developed training materials and facilitated a full day training of faculty in a workshop on increasing **Integration in the Classroom.**
