Background of the H.I.S. Program

Azusa Pacific University has a rich tradition in internationalization and global mission. Over 100 years ago, APU, then called The Training School for Christian Workers, equipped over half of its graduates for missions overseas. In 1939, Cornelius P. Haggard was appointed president of the training school. He carried the educational institution from a small training school to collegiate status during his 36-year term as president. President Haggard had a strong vision for training and educating international students. The following is an excerpt from his biography:

“He dreamed of training them [international students] so they would return to their native lands, qualified to serve as ministers, nurses, and teachers. He returned convinced that, ‘The training of foreign nationals for the evangelization of the world is at the present moment the most urgently needed missionary activity with which we can engage ourselves.’ Fresh in his mind was the work he had seen done by nationals who had received training at the College. He knew the potential...”

--Emma Haggard, *The Intrepid Builder*, p.133, 142.

As a result of his vision, President Haggard created a tuition scholarship specifically for international students. His intent was to train students at APU and send them throughout the world as globally minded Christian leaders.

In fall 2003, a new leadership curriculum was developed by ISS staff to further assist Haggard Scholars in their development. This program continues to be recognized by the current president of Azusa Pacific University as a quality scholarship and leadership development program.

H.I.S. Program Conditions

The Haggard International Scholarship is designed to assist F-1 or J-1 visa status students in gaining a Christian education that will equip them to be effective ministers for Christ abroad in their field of work. Applicants must be born-again Christian international students who plan to **leave North America** after completion of studies and training (Canadian citizens must leave the U.S. after their training and education).

1. Recipients are to be committed Christians who possess and profess a personal relationship with Jesus Christ and demonstrate an appropriate lifestyle. The recipient may be dropped from the scholarship program based on evidence of spiritual inconsistency or violation of university policies.
2. The Haggard International Scholarship is designed to assist the recipient with **tuition costs only**. It does not provide funding for room, board, fees or transportation. If the HIS funding exceeds the cost of the student's tuition, the surplus remains property of Azusa Pacific University and does not become the student's personal money.
3. The Haggard International Scholarship is available for a maximum of 8 semesters only.
4. Recipients may be asked to assist in and speak at events, both on- and off-campus, as the university requests; however, all gifts, honorariums, and offerings become the property of Azusa Pacific University.
5. Since the scholarship committee assumes that the recipient is financially needy, financial transactions which indicate otherwise may cause the student to lose the scholarship (i.e., the purchase of an expensive car or home).
6. International undergraduate students receiving scholarship must maintain a minimum grade point average of 3.0 (on a 4.0 scale) at all times or the scholarship may be cancelled.
7. All charges from previous semesters must be paid before the student enrolls in a new semester.
8. The recipient is to be knowledgeable about the Azusa Pacific University catalog and student handbook and is to abide by the rules stated therein.

9. Any international student who accepts the scholarship agrees to leave North America after completion of studies or optional practical training (Canadian citizens would need to leave the U.S.) to live and work outside of the U.S. **Failure to do so will result in all HIS monies being repaid to the University by the student.**
10. Any action taken towards obtaining U.S. permanent resident status or any other immigration status other than F-1 or J-1 may result in cancellation of the scholarship. It is the responsibility of the student to notify I.S.S. immediately if he / she is planning to stay in the U.S. after graduation or has applied for permanent residency.
11. In signing the contract, **all applicants agree to complete all H.I.S. Program requirements for that year.**
12. Azusa Pacific University reserves the right to make changes in this contract at any time to correlate the H.I.S. Program with school policies. This contract is subject to review, revision, and/or renewal annually.
13. Recipients must apply each year to renew the scholarship.
14. HIS monies cannot be carried over from one year to the next. For example, if you are a HIS recipient during a previous school year, you cannot use those funds for the current or next school year. You must re-apply to receive funding.
15. No H.I.S. monies can be applied towards summer sessions.
16. If the H.I.S. scholar is enrolled in less than 12 units (with prior ISS approval), H.I.S. funds will be prorated.
17. H.I.S. monies and other institutional aid can only be applied to APU-sponsored study-abroad programs. Contact I.S.S. for more information.
