To request housing for Spring 2021 only

Any continuing student or student roommate groups who wishes to return to campus in person for Spring 2021 (should the campus reopen), will need to complete this request form.

Incoming students receive access to their housing request form from Undergraduate Admissions once they pay their enrollment deposit. This page is dedicated to continuing students.

Continuing students who use the links above will sign the Housing License Agreement as part of the form. The License Agreement will take effect once a student checks into campus housing. In other words, that is when a student's commitment begins.
