Graduate Catalog

The Graduate Catalog is the official guide to graduate programs at Azusa Pacific University and includes information about university-wide academic policies and procedures and student standards of conduct, as well as general descriptions of academic programs, and degree requirements. The catalog also consists of information regarding APU’s institutional beliefs such as the faith statement, mission statement, essence statement, and Cornerstones.

Please refer to the APU Graduate Catalog for comprehensive information regarding university policies affecting academic policies. It is the student’s responsibility to also be aware of any policies or requirements that are specific to their program. Below are select sections within the Graduate Catalog that are important for School of Education students:

Enrollment

Students will receive academic credit only for courses in which they are officially enrolled. Enrollment is mandatory. Enrollment deadlines are published in the Graduate Academic Calendar. Students are expected to enroll online or submit an Enrollment Activity Form by the returning students’ registration due date.

Adding and Dropping Classes

Students may add and drop classes without financial penalty until the Last Day to Add or Drop Classes or Independent Studies. Graduate students may do this online at home.apu.edu or by submitting an Enrollment Activity Form. Professional students must submit an Enrollment Activity Form. Such changes may be made only during the dates listed in the Academic Calendar. International students must obtain approval from the International Center to add or drop a class. Following the deadline to drop a class, a student must withdraw according to policies and procedures as stated in the Withdrawal section of this catalog.

A drop will not be permitted after the deadline, except in cases of extenuating circumstances due to accident or illness, serious personal or family problems, or military transfer. Valid documentation is required. In addition, extenuating circumstances must be shown to have prevented action before the deadline. An Enrollment Activity Form with valid documentation may be submitted to the registrar office in the Graduate and Professional Center for evaluation. The dates of the extenuating circumstances substantiated by documentation determine the authorized drop action date. Without valid documentation, any drop request received after the deadline published in the Academic Calendar will be processed as a withdrawal. It is the student’s responsibility to check with Student Financial Services to determine how an approved late drop or withdrawal may affect his or her financial aid. Also see Withdrawal policies.

Administrative Withdrawal

Non-enrollment for a period of two consecutive terms will result in administrative withdrawal from the university. See the Academic Calendars for complete term and session information. An administrative withdrawal does not change a student’s posted grades or account balance; neither does it generate a refund of any kind. Re-application and department re-acceptance are required to enroll again. The initial enrollment in the degree program will determine the time limit for completing the degree. In rare instances, extensions may be requested by petition. Granting of such a petition may entail additional degree requirements.
Late Enrollment

Students who are unable to enroll before the registration due date may enroll up until the Last Day to Register, as published in the Academic Calendar. Late enrollment may be requested by submitting an Enrollment Activity Form. Professor, dean, and registrar approval for enrollment after the deadline may be granted only in extreme cases where extenuating circumstances are evident and can be substantiated. A $125 nonrefundable late enrollment fee is charged.

Withdrawal from Courses

Graduate students may withdraw from a class without grade penalty at any time during the first 10 weeks of a 15-week session and during the first 6 weeks of a 9-week session, starting with the first day of classes.\(^1\) The last day to withdraw for every term is indicated in the Graduate Academic Calendar. The student must secure an Enrollment Activity form from the Office of the Graduate Registrar in the Graduate and Professional Center (also available at \[\text{http://www.apu.edu/graduateprofessionalcenter/registrar/forms/}\]) The student will receive a W (withdrawal) grade in the course from which he or she withdraws. A student who never attends or stops attending a course for which he or she is officially enrolled will receive an F in that course if accepted procedures for withdrawal are not followed. Approval for withdrawal after the deadline is granted only in extreme cases where extenuating circumstances are evident and can be substantiated. Any approval of a late withdrawal requires the favorable endorsement and signatures of the professor, department chair, and registrar. No financial adjustments will be made. (See Academic Calendar and Refund Policy.)

Withdrawal from the University

A student who, for any reason, finds it necessary to withdraw from the university during the course of any term or session must do so through the Office of the Graduate Registrar in the Graduate and Professional Center by filling out an Enrollment Activity Form. International students must obtain approval from the International Center to withdraw from the university. Failure to comply will mean that failing grades will be entered on the student’s record. A letter indicating the student’s intention of leaving the university must be submitted as well. If the student intends to return after some time, a Leave of Absence form should be submitted to extend the time limit for completing the degree. (See Leaves of Absence and Refund Policy under Financial Information.) Non-enrollment for a period of two consecutive terms will result in administrative withdrawal from the university. See the Graduate Academic Calendar for complete term and session information. An administrative withdrawal does not change a student’s posted grades or account balance, neither does it generate a refund of any kind. Reapplication and department reacceptance are required to enroll again.

Leaves of Absence

Enrolled graduate students may apply for university approval for a one-time leave of absence from their graduate program for a minimum of two consecutive semesters and a maximum of two years.

Leave of absence forms are available in the Office of the Graduate Registrar in the Graduate and Professional Center and must be submitted prior to the student’s absence from the university. Failure to complete the required forms will

\(^1\) International students must obtain approval from the International Center to withdraw from courses.
result in the student having to comply with updated requirements or changes if applicable. Expired leaves of absence are not renewable.

Course Incompletes

The grade I (Incomplete) is to be given only if special circumstances exist. An incomplete grade may be given upon recommendation of the professor with permission of the dean and/or chair of the respective school and/or department. To obtain an Incomplete, the student must fill out a Graduate Incomplete Form available from the Office of the Graduate Registrar in the Graduate and Professional Center and obtain all necessary signatures before the last day of the class. An extension may be granted for up to 12 weeks from the last day of the term. An incomplete not made up within the 12-week period will be automatically changed to the grade agreed upon in the Instructor and Student Agreement section of the Incomplete Form. Petitions for additional extension beyond the 12 weeks are subject to review by the faculty member and dean of the school.

The grade IN (Incomplete—No Paperwork) is a temporary grade which may be recorded by an instructor while the Incomplete Form is in process. An incomplete submitted without the proper form will automatically become an F. Work corrected or completed after the close of the grading period, without an approved Incomplete Form, does not justify a grade change. (See also Grade Change Process.)

*Note: Additional school and departmental policies affecting course incompletes can be found in your course syllabi. Students are advised to familiarize themselves with both university- and school-specific policies. For the School of Education policy regarding incompletes, please see the FAQs section (Section 15).

Petition Process

A petition process exists for students who seek an exception to stated academic policies, procedures, and regulations. Academic General Petition forms are available from the Graduate and Professional Center and online and must be returned to the Office of the Graduate Registrar in the Graduate and Professional Center. All petitions and exceptions granted are considered on a case-by-case basis. Any exception granted by petition does not establish guaranteed subsequent exceptions or appeals.

Grade Change Process

A graduate student who believes his/her grade has been reported incorrectly or wishes to challenge his/her grade should contact the instructor immediately to discuss the discrepancy. If the instructor and student agree on a grade change, the instructor will complete a Grade Change Form. Work completed or corrected after the close of the grading period without an approved Incomplete Form does not justify a grade change.

If the student is not satisfied after discussing the grade with the instructor, he/she has the option to submit to the graduate registrar an Academic General Petition challenging the grade. Academic General Petition forms are available from the Graduate and Professional Center and online and must be returned to the Office of the Graduate Registrar in the Graduate and Professional Center.

A change of grade may be given on recommendation of the professor and permission of the department chair and/or dean. The grade challenge must be received within one year of the last day of the term of enrollment in the course. Questions regarding the grade change process should be directed to the students’ academic records counselor in the
Office of the Graduate Registrar. To appeal a denial of a petition for a grade change, see the Graduate Student Grievance and Appeals Procedures section.

**Normal Progress Toward a Degree and Time Limit for Degree**

School of Education students have a maximum of five years to complete all program requirements, with the exception of doctoral students who have six years to complete all program requirements. In rare instances, extensions may be requested by petition. Granting of such a petition may entail additional degree requirements and/or repeating classes that have expired.

**Good Academic Standing**

To maintain good academic standing, School of Education students are expected to make satisfactory progress toward completion of their program. There are three criteria to the Good Academic Standing policy in keeping with University academic quality standards and eligibility requirements for federal financial aid:

1. **Minimum GPA Requirement:** Students must maintain a minimum cumulative grade-point average (GPA) of 3.0 in all university work attempted.
2. **Time to Degree Completion:** School of Education students have a maximum of five years to complete all program requirements. The only exception is for doctoral students who have six years to complete all of their program requirements.
3. **Successful Completion of Attempted Units:**
   - Students enrolled in a graduate program must complete 50 percent of all units in which they originally enroll from the time of first attendance. The policy applies to cumulative units only.
   - Students enrolled in a teaching certificate/credential-only program are expected to complete a minimum of 67 percent of units in which they enroll from the beginning of their program. The policy applies to cumulative units only.

**Academic Integrity**

The practice of academic integrity to ensure the quality of education is the responsibility of each member of the education community at Azusa Pacific University. It is the policy of the university that academic work should represent the independent thought and activity of the individual student, and work that is borrowed from another source without attribution or used in an unauthorized way in an academic exercise is considered to be academic dishonesty that defrauds the work of others and the education system. Engaging in academic dishonesty in fulfillment of the requirements of an academic program is a serious offense for which a student may be disciplined or dismissed from a program.

Academic dishonesty includes:

1. **Cheating** – Intentionally using, or attempting to use, unauthorized materials, information, or study aids in any academic exercise.
   a. Students completing any examination should assume that external assistance (e.g., books, notes, calculators, conversations with others) is prohibited, unless specifically authorized by the instructor.
   b. Students may not allow others to conduct research or prepare any work for them without advance authorization from the instructor.
c. Substantial portions of the same academic work may not be submitted for credit in more than one course without authorization.

2. Fabrication – Intentional falsification or invention of any information or citation in an academic exercise.

3. Facilitating academic dishonesty – Intentionally or knowingly helping or attempting to help another commit an act of academic dishonesty.

4. Plagiarism – Intentionally or carelessly representing the words, ideas, or work of another as one’s own in any academic work or exercise.

Faculty members may impose sanctions on students in a particular course in documented cases of academic dishonesty, ranging from a zero on an assignment or exercise to a grade of F in the course, depending on the seriousness of the violation. The sanction may be specified in the course syllabus, or if the syllabus is not specific, the faculty member may use his or her discretion in assigning a sanction based upon the definition of academic dishonesty stated above. The faculty member will document the infraction and the sanction and report them in writing to the department chair within two weeks of the time the sanction is applied. Deans may further discipline students or expel them from their programs in documented cases of egregious or persistent violations. Academic integrity violations not directly connected to one class may be handled by the program director, department chair, or dean, as appropriate. Students wishing to appeal a sanction may follow the Graduate and Professional Student Grievance and Appeal Procedures.

Academic Probation and Dismissal

Certain designated courses within the School of Education (e.g., fieldwork, supervised teaching, dissertation courses, etc.) are graded on a Credit (CR)/No Credit (NC) basis. A grade of NC is interpreted as a failing grade, which can have implications for a student’s continued satisfactory progress and academic standing.

Minimum Requirements for Certificate, Credential, Master’s, and Combined Master’s Degree and Credential Students:

Students who earn a NC grade are required to meet with their academic advisor to identify knowledge, skills, and/or dispositions that may need strengthening and to develop a performance improvement plan. Students who earn a NC grade will be placed on probation and given one enrollment period to demonstrate satisfactory progress according to the terms of the improvement plan. Students who do not meet the standards for satisfactory progress after a period of probation may be dismissed from the program.

Students are expected to successfully complete their culminating clinical practice, fieldwork, and internship courses at first attempt. On rare occasions, students with unsuccessful first attempts will be eligible to petition to the appropriate academic department to repeat the course. A successful petition is required for a student to repeat. A culminating clinical practice, fieldwork, or internship course can be repeated only once.

Students who earn a NC grade in a culminating clinical practice, fieldwork, or internship experience as a result of a lapse in professional responsibility, integrity, or ethical conduct may not be eligible to petition to repeat the course for which they received the non-passing grade.

Minimum Requirements for Doctoral Students:

A doctoral student must maintain a minimum cumulative GPA of 3.0. Courses with a grade lower than B- (including NC grades) are not applied toward doctoral degree requirements and must be repeated.
In order to ensure satisfactory academic progress, a doctoral student who receives a NC grade or grade lower than B- in 700-level courses or whose grade-point average falls below 3.2 is required to meet with his/her advisor to identify academic skills that may need strengthening and develop a performance improvement plan.

Doctoral students with a cumulative GPA lower than 3.0 or those who have earned two or more NC grades will be placed on probation and given one enrollment period to demonstrate satisfactory progress according to the terms of the performance improvement plan.

Students who do not demonstrate satisfactory progress according to the terms of the performance improvement plan after a period of probation may be dismissed from the program.

Repeated Courses

Graduate and professional students may repeat courses at Azusa Pacific University up to two times for a total of three times taking any one course. Both grades remain on the academic record, but only the most recent grade is calculated into the student’s grade-point average. The units are counted only once. If a repeated course is taken at another institution, the grade and the units of the repeated course will be transferred (providing the course meets the guidelines for transfer).

Students must follow all department major/program policies regarding repetition of courses, as some majors/programs do not allow a major/program-specific course to be repeated more than once. Some graduate programs do allow for multiple repeats of certain courses within the program. Work with your program director for specific guidelines.

It is the responsibility of the student to notify the registrar’s office in the Graduate and Professional Center at the time of enrollment when repeating a course. The current tuition rate is charged.

Transfer Credit

Appropriate transfer work may be accepted toward a master’s degree. Students in doctoral programs should refer to those sections in the catalog for information regarding transfer units. Transfer units may not exceed 20 percent of the units required for a master’s degree. To be transferable, a course must meet the following requirements:

1. The course was completed at a regionally accredited institution.
2. The grade earned was a B or better. (Neither Pass in a pass/fail, Credit in a credit/no-credit course, nor a B- is acceptable for transfer credit. However, up to one-half of the required field education units for a theology degree may be accepted with grades of Pass or Credit.)
3. The course was completed subsequent to the awarding of the bachelor’s degree.
4. The course was taken within eight years of the time in which the student begins work in the degree program. (More recent work may be required in some programs.)
5. The course must be applicable to a graduate degree at the institution where it was taken.
6. The course must not be professional development or extension coursework.

Courses for transfer must be approved by the student’s department or school, as well as by the Office of the Graduate Registrar in the Graduate and Professional Center.

Students should not assume acceptance of transfer work until they receive written notification from the registrar.

---

2 Please refer to those sections within the Graduate Catalog for specific department policies.
Waivers

Some departments permit waivers of certain courses. Course waivers are processed by the student’s department or school. Contact the appropriate department for details on specific waiver procedures. Unlike transfer credit, waivers fulfill course requirements only; no units are awarded. Students with waived courses must choose alternate elective courses to satisfy the unit requirements of their degree program.

Academic Advising

Academic advising promotes student development and helps to improve students’ overall experience within the School of Education. Through academic advising, School of Education students learn about the requirements of their academic program and are able to explore their strengths in relation to personal and occupational choices. While the program advisor is a guide and resource, final responsibility for meeting requirements to complete a program rests with the student. **Students that deviate from their original academic plans must contact their academic program to be re-advised.**

The following are brief descriptions of academic advisement for programs within the School of Education:

**Educational Technology**

Students in the MA in Educational Technology program receive program advising in the first class they take - EDTC 511: Foundations in Educational Technology. Program advisement continues with the program director throughout the remainder of the program. Students can also access their advising plan through their APU home account.

**Teacher Education (Single Subject, Multiple Subject, Special Education, MA emphasis in Learning and Technology, MA emphasis in Special Education, and MA emphasis in Teaching)**

Students are advised and receive an approved academic plan prior to the start of their program. This academic plan lists all program requirements and the timeline to complete those requirements. If a student intends or desires to deviate from the approved academic plan, the student must schedule an advisement appointment to discuss any possible changes. If changes are approved, a new academic plan will be developed.

**Educational Leadership – Master’s and Credential Programs**

Candidates in the Educational Leadership Master of Arts and Preliminary Administrative Services Credential Program follow the course and fieldwork scope and sequence provided at the beginning of their program. All candidates enroll in EDL 576 during their first term which provides candidates with an introduction to the program fieldwork requirements. Program modification and questions regarding scheduling issues may be resolved by contacting the program director. All Educational Leadership full time faculty are available for advisement throughout the duration of the program.

Educational Leadership – Doctor of Education

During the first semester of the doctoral program, students enroll in a 1-unit proseminar course which serves as an orientation and initial advising into the program. The proseminar has three primary goals: 1) to orient students to the intellectual life of doctoral study; 2) to provide opportunities for students to become familiar with steps and procedures required for successful completion of the doctoral program, including a plan and timeline for accomplishing major academic and professional milestones; and 3) to introduce students to the technology, tools, and academic resources needed for doctoral study, including use of the Azusa Pacific University library catalog and databases. All proseminar activities are designed to help students develop connections with each other and with the faculty to create a community of learners and scholars.

Each new doctoral student is also assigned to a faculty advisor who serves as the student's primary mentor during the first semester.

Upon successful completion of the first semester, and once a student begins dissertation work, the dissertation chair serves as the primary academic advisor for the remainder of the student's time in the program.

Am I able to receive an incomplete for a course?

In addition to the graduate catalog policy regarding course incompletes, the School of Education has adopted the following additional guidelines for course incompletes:

• The Graduate Catalog specifies that "the grade IN (Incomplete) is to be given only if special circumstances exist." As a general rule, "special circumstances" refers to an illness or other extenuating circumstance that legitimately prevents completion of the course requirements by the end of the academic term.

• An incomplete cannot be granted because of a student's failure to complete work, or as a means of improving a grade already earned within the specified grading period.

• Furthermore, an incomplete should only be issued if attendance has been satisfactory up to the last day to withdraw in the term. In addition, students should have completed at least 75% of the coursework.

• To obtain an incomplete, the student must fill out the Graduate Incomplete Form and obtain all necessary signatures before the last day of the term. However, it should be noted that submission of an Incomplete Form does not guarantee approval. As such, students should be encouraged to submit their completed forms prior to the last week of class to allow sufficient time for processing.

• “The grade IN (Incomplete - No Paperwork) is a temporary grade issued while the Incomplete Form is in process” (e.g., the form has been filed with the Office of the Dean but has not been processed). Students should be aware that a grade of I or IN can only be assigned if an Incomplete Form has already been submitted.

• “An [incomplete] may be granted for up to 12 weeks from the last day of the term.” However, 12 weeks should not be automatic and faculty are encouraged to extend the least amount of time needed to complete the remaining coursework.

What are important dates that I should be aware of each term?

APU’s website contains the calendar for the academic year. The calendar contains important academic registration dates and vacation periods.

How do I find the textbooks for my class?

The textbooks for courses are available on the University Bookstore website.
How do I begin my Clinical Practice?

Questions regarding Clinical Practice should be directed to the records coordinator of the program which the candidate is currently enrolled. If a candidate is unsure of who their records coordinator is, they may refer to page 22 of this handbook.
