

Community Counseling Centers • Support Form

Your Chance to Give

Since 1989, the Community Counseling Center (CCC) has touched hundreds of lives in the San Gabriel Valley by offering professional counseling services to families, couples, adults, adolescents, and children in a safe and accessible environment. The CCC recognizes the value mental and emotional health play in each person's overall well being.

As many clients come from low-income families, one of the CCC's greatest concerns is to offer services at an affordable cost. With the help of donations from people like you, the center's vital programs can continue to flourish.

We appreciate your support in such an important service to the San Gabriel Valley community.
