The information below is meant to describe the program accurately and completely, including education and training outcomes, and be presented in a manner that allows applicants to make informed decisions about entering the program:

Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? ___X___ Yes
 Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values? _____ No

If yes, provide website link (or content from brochure) where this specific information is presented:

As a private not-for-profit religiously affiliated university, faculty and staff at APU endorse a Christian statement of faith. Students, however, are not required to endorse any statement of faith or policies related to their religious identity. The APU PsyD program holds Diversity as a special emphasis; therefore, the APU PsyD program strives to support students from diverse backgrounds.

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable: Courses from prior graduate work, upon evaluation, may be transferred into count toward the Psy.D. These courses are typically foundational courses in the field of Psychology, such as Developmental Psychology and Psychopathology. Each request is reviewed by the Director of the Psy.D. program to ensure adequate coverage of content and by the Graduate Registrar to ensure the credentials of the transferring institution. <http://www.apu.edu/bas/programs/psyd/admission/#transfercredit>

ATTRITION

Attrition can occur for any number of reasons. Students may be faced with unpredictable life situations, such as family circumstances, illness, or a career change, that necessitate that they leave the program. **Note: In Fall 2013, the program discontinued the master's level first year (Pre-PsyD). Therefore, 2013-2014 reflects 2 cohorts.*

Attrition

Variable	Year of First Enrollment																			
	2011-2012		2012-2013		2013-2014		2014-2015		2015-2016		2016-2017		2017-2018		2018-2019		2019-2020		2020-2021

LICENSURE

Note: Licensure rates are calculated from the earliest possible time that they are able to complete the licensing process. In California, psychologists must complete approximately one year of supervised practice before they can sit for the final stage of the licensing exam. This sample, taken in September 2021, takes into account the fact that students who graduated between August 2020 and September 2021 are not yet eligible for licensing.

Licensure

Outcome	2011-2020
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	193
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	162
Licensure percentage	84%
