### IOTA SIGMA CHAPTER 232 PRESIDENT'S MESSAGE

By Kathleen Taylor

How time flies and the past two years as President of the Iota Sigma Chapter of the Honor Society of Sigma Theta Tau, International have flown by. Now it is time to move on to other adventures, both within, and outside of the Iota Sigma Chapter. For sure the activities of being the Region 2 Coordinator will fill up some of my time. I will be continuing as one of the Iota Sigma Chapter Representatives to the 12 chapter Southern California STTI Nursing Odyssey Planning Committee. Your new board is anxious to take office and are already busy reviewing the past years events to make next year an even greater time for the Iota Sigma Chapter.

For those of you unable to attend the April 1 Induction Ceremony please read the report about the activities of that day. We have 52 new members in our chapter both undergraduate and graduate students with our first cohort from the Second Career and Nursing Program, and community nurse leaders. Approximately, \$2500 was raised to go to the Iota Sigma Scholarship Funds. This year we awarded scholarships to 7 worthy candidates.

The Iota Sigma Chapter monetary Community Service Award was divided between Region 6 & 8 of Sigma Theta Tau International. Both Region 6 & 8 were hit hard by the effects of Hurricane's Katrina and Rita. In Region 6 \$500 went to the newly chartered chapter Tau Pi, in Baton Rouge, Louisiana. Sue Haddock the Regional Coordinating Committee Chair had these words to share:

This is great that help is being designated to the new chapter in Baton Rouge. They have really had a lot to work through and have been very instrumental in delivering care to the many, many evacuees that came to their area. Sue

## PRESIDENT'S MESSAGE, CONTINUED FROM PAGE 1

Mimi Tippitt, Region 8 Coordinator responded on March 20, 2006:

There are heaps and heaps of projects in terms of helping with the recovery.....after speaking with STTI Headquarters, the Mississippi state nursing organization (the hardest hit in Region 8) and chapter leaders....the most feasible thing seems to be to donate the funds to the Mississippi Nursing Association Relief Fund. The \$500 will pay for the licensure of 10 Mississippi Gulf Coast RNs. That's a whole shift worth of RNs in some of the smaller hospitals.

Thank you Iota Sigma Chapter members for renewing your membership and your generation donations. These funds have helped not only our local members, but other members of Sigma Theta Tau International.

Take care and I look forward to seeing more of you at Iota Sigma Chapter functions in the future..... Kathleen Taylor

## NURSING ODYSSEY CONFERENCE, 2006

The Southern California Sigma Theta Tau Consortium Planning Committee\* is pleased to announce the theme for our Nursing Odyssey 2006 conference: “Breaking Down Boundaries Through Collaboration” scheduled for October 26 and 27 at the Doubletree Inn Ontario Airport. We will again have peer-reviewed research and innovative project presentation, in addition to keynote presentations and educational sessions.

We will be raffling registration to Odyssey, 2007 to be held in San Diego. The dates of the 2007 conference will be announced at the close of this year’s conference. All those registering for the 2006 conference will receive a raffle ticket in their registration packet.

The last new feature is a dynamic closing session for each day of the conference. Because the “fishbowl” panel discussion format was so popular last year, we will have a fishbowl to close each day’s session.

The call for abstracts with a submission deadline of 6/23 was emailed to all members. We hope to have Iota Sigma well represented among the presenters as we have in previous years. There are also opportunities for organizations to be an exhibitor or sponsor. This year we have multiple levels of sponsorships available. If you work for an organization that you think would like to exhibit, please email me for the information at [mklakovich@apu.edu](mailto:mklakovich@apu.edu)

Don’t miss this opportunity to support Iota Sigma and its presenters, to network with colleagues, and to take part in these dynamic and information-packed sessions. Please see the brochure contained in this newsletter for more information and be sure to register!

## 17TH INTERNATIONAL RESEARCH CONGRESS, MONTREAL, JULY 2006

Iota Sigma will again be well represented at this international conference sponsored by the Honor Society of Nursing, Sigma Theta Tau International. The SCAN Leadership team will be presenting a symposium on “Transformational Learning: Nurturing the Second Career Student”. Marilyn Klakovich and Felicitas dela Cruz will present on “NCLEX Preparation for Masters Entry into Nursing Programs” and Susan Elliott, Felicitas dela Cruz and Marilyn Klakovich will each present on their individual research projects. This conference is a wonderful opportunity to network with STTI members from around the world.

## A WORD OF THANKS...

**Background Information:** The Iota Sigma Chapter has decided to split half of the annual Monetary Community Service Award between Region 6 & 8. It was decided to give the Region 6 funds to the newly chartered chapter Tau Pi in Baton Rouge. Below is a letter sent to Kathleen Taylor from the Tau Pi Chapter.

Words cannot express the thanksgiving and gratitude for your chapter's thoughtfulness and kindness. Our chapter will forever remember and cherish this. Hurricane Katrina has left much devastation to many. However, acts of kindness such as yours, reminds us of the good and humanity that exists in the world today. The school of nursing, and Tau Pi members, remain in the delivery of primary health care to hurricane evacuees, via our mobile health unit, at the largest FEMA village in Baton Rouge. The majority of my time is spent in coordination of these efforts. Due to the enormity of the work involved, sometimes we began to tire (human nature), but realize we have to keep going for the people who need our services. Several of our members lost everything in the hurricane. However, all is well with them as they continue to move on and rebuild their lives. This has truly energized me and reinforces that when you do good, good will follow. I will notify you when the check arrives, as well as all of the Tau Pi members, and the leadership of the school of nursing. Will keep you posted.

Thanks again,

Wanda Spurlock, DNS

The keynote address by Cathy McPhee, FNP-C, Past President of Iota Sigma and Director of the RN to BSN CAPS program was "Are you Worthy of Trust?".

Financial scholarships were awarded to Rachel Magnusson and Kelly Lash from the SCAN graduate program, and Maritza Yepez, Kazy Ferguson, Jennifer Ulrich, Simon Yao and Erin Moffett from the Undergraduate program. A research grant went to Renee Pozza, MSN, RN, Associate Dean, for her study on barriers to treatment of hepatitis C patients coinfecting with HIV and hepatitis C. A community service award went to chapters in the areas affected by the hurricanes in 2005.

Other awards presented were Excellence in Nursing Leadership to Judy Husted, MSN, RN, Executive Director Patient Care Services and Operations, Southern California Kaiser Permanente; Excellence in Education to Lourdes Salandanan, MSN, RN, NP-C, CCRN, Director, Education Department, Citrus Valley Medical Center; Excellence in Clinical Practice to Renee Pozza, MSN, RN, Associate Dean and Excellence in Mentoring to Bonnie Giron, MSN, RN, Director of Critical Care, Foothill Presbyterian Hospital.

These activities, awards and financial scholarships provided by Iota Sigma serve to promote Sigma Theta Tau goals, which include fostering, developing and connecting nurse scholars and leaders worldwide to improve health care and promoting nursing excellence through research and leadership.

## REGION 2 UPDATES

By: Kathleen Taylor, STTI Region 2 Coordinator

It has been almost 6 months since the 38th Biennium Conference in Indianapolis, Indiana. A lot has been happening in the past few months. First, I would like to thank Roxanne Moutafis, Beta Mu, UA, for her leadership during the 2 Bienniums since the Regional restructuring resulted in Region 2 being made up of who we are:
